Submitting this Notification of operations on lands described in the NOAP constitutes consent for Department staff to access the property to ensure compliance with state law and rules governing forest practices through on-site inspections. The landowner must notify the ODF forester to withdraw this consent.

**Permission from Landowner and Timber Owner Required for Operators, purchasers, contractors, general public:**

Submitting this notification does *not* give permission for operators, purchasers, contractors, or the general public to enter someone else's land or remove forest products. Anyone doing so must first obtain permission from the landowner and timber owner.

**Pesticide Use:** Pesticide users must follow all pesticide product label requirements, including any that prohibit applications near or into streams or other water bodies! Pesticide users must be sure the label that comes with the pesticide product allows the planned use! Contact the Oregon Department of Agriculture [here](#) or at 503-986-4635 for information on allowed uses of pesticide products.

**Operations Near Utility Lines:** If you are conducting timber harvesting or road construction within 100 feet of overhead utility lines contact the local utility in accordance with ORS 757.805 - Oregon's Overhead Safety Act and OAR 437-007-0230 - Power Line Safeguards. **Using Water for Pesticides or Slash Burning:** If you plan to use on-site water (water from a stream, for example) to mix pesticides or for slash burning, you must provide a copy of this NOAP to the local offices of the Oregon Water Resources Department and the Oregon Department of Fish and Wildlife (see ORS 537.141).

ORS 390.235 (5) exempts forestry operations on private lands from the permit requirement unless the site contains human remains, funerary objects and objects of cultural patrimony, or objects associated with a prehistoric Indian tribal culture. This exemption does not impact the applicability of the remainder of Oregon's cultural resource laws (ORS 97.740 – 97.994, 358.905 – 358.961, and 390.235 – 390.240). If human remains are encountered ORS 358.920 and ORS 97.745 require all excavation to stop and the find be reported to the landowner, the state police, the State Historic Preservation Officer and the Commission on Indian Services. ODF Staff cannot provide cultural resource advice or guidance, and landowners are encouraged to contact the State Historic Preservation Office [here](#) or at 503-986-0690.
