Notice to Landowner(s)

The Oregon Department of Forestry may conduct on-site inspections for compliance with forest practice and fire protection laws.

Written Plans

A Written Plan (in addition to this NOAP) is required before operation activities can begin near the protected resources listed with the Unit information or Site Conditions below or otherwise described to you by the ODF Forester (OAR 629-605-0170 (2), (3), and (5)). The Written Plan must describe in detail how the resource(s) will be protected during the operation. There is a waiting period for Written Plans that is separate from the notification waiting period. Contact your ODF Forester for more information.

Formal Comments from Oregon Department of Forestry

Rieghly Sitton on 8/18/2023
Fully implementing this written plan will likely achieve the resource protection standards of the Forest Practices Act. This operation will be evaluated on the basis of how well required resource protection is achieved.

Rieghly Sitton on 8/18/2023
All public comments submitted via email are on file at the Toledo ODF office due to size limitations in FERNS.

Rieghly Sitton on 8/18/2023
Compliance with the forest practices rules does not guarantee compliance with any federal requirements related to the federal Bald and Golden Eagle Protection Act. The U.S. Fish and Wildlife Service enforces the Bald and Golden Eagle Protection Act.

Rieghly Sitton on 8/9/2023
Public comment received via email on 8/8/23 and has been passed onto the landowner.

Rieghly Sitton on 8/9/2023
Public comments have been received via Phone call on 8/7/23 and 8/8/23. They have been passed onto the landowner.

Rieghly Sitton on 8/9/2023
All statutory written plans and maps received together on 08/02/2023. A map had to be re-uploaded on 08/09/2023. The public comment period will still end 8/17/2023. Formal comments will be issued after 14 days.

Notices

Submitting this Notification of operations on lands described in the NOAP constitutes consent for Department staff to access the property to ensure compliance with state law and rules governing forest practices through on-site inspections. The landowner must notify the ODF forester to withdraw this consent.

Compliance Monitoring: Landowners are required to provide access to their operation sites for ODF compliance monitoring studies in accordance with OAR 629-678-0100.

Permission from Landowner and Timber Owner Required for Operators, purchasers, contractors, general public: Submitting this notification does ***not*** give permission for operators, purchasers, contractors, or the general public to enter someone else's land or remove forest products. Anyone doing so must first obtain permission from the landowner and timber owner.

Pesticide Use: Pesticide users must follow all pesticide product label requirements, including any that prohibit applications near or into streams or other water bodies! Pesticide users must be sure the label that comes with the pesticide product allows the planned use! Contact the Oregon Department of Agriculture here or at 503-986-4635 for information on allowed uses of pesticide products.

Neighborly Communication: Notifier must mark each unit as pending by 7 p.m. the day before spraying. For pending units, notifier must report the spray as complete or incomplete. Notifier must mark units as complete within 24 hours of spraying. For partially sprayed units with plans to return to finish spraying, notifier must report the unit as incomplete by 11:59 p.m. the day after spraying.

For units that do not get sprayed, no reporting is needed. The notifier must mark the unit as pending again before spraying.

Using Water for Pesticides or Slash Burning: If you plan to use on-site water (water from a stream, for example) to mix pesticides or for slash burning, you must provide a copy of this NOAP to the local offices of the Oregon Water Resources Department and the Oregon Department of Fish and Wildlife (see ORS 537.141).

Registrants & Subscribers: There may be registrants and/or subscribers who receive this Notification. See the Notification Summary page within the E-Notification system or contact ODF for more details.

NOAP Changes: The notifier must inform the Oregon Department of Forestry of any changes in a NOAP before the activity takes place. A new NOAP may be required.

Protection of Cultural Resources: Under ORS 358.920 a person may not excavate, injure, destroy or alter an archaeological site or object or remove an archaeological object located on public or private lands in Oregon unless that activity is authorized by a permit issued under ORS 390.235. ORS 390.235 (5) exempts forestry operations on private lands from the permit requirement unless the site contains human remains, funerary objects and objects of cultural patrimony, or objects associated with a prehistoric Indian tribal culture. This exemption does not impact the applicability of the remainder of Oregon's cultural resource laws (ORS 97.740 – 97.994, 358.905 – 358.961, and 390.235 – 390.240). If human remains are encountered ORS 358.920 and ORS 97.745 require all excavation to stop and the find be reported to the landowner, the state police, the State Historic Preservation Officer and the Commission on Indian Services. ODF Staff cannot provide cultural resource advice or guidance, and landowners are encouraged to contact the State Historic Preservation Office here or at 503-986-0690.
