Written Plans

A Written Plan (in addition to this NOAP) is required before operation activities can begin near the protected resources listed with the Unit information or Site Conditions below or otherwise described to you by the ODF Forester (OAR 629-605-0170 (2), (3), and (5)). The Written Plan must describe in detail how the resource(s) will be protected during the operation. There is a waiting period for Written Plans that is separate from the notification waiting period. Contact your ODF Forester for more information.

Formal Comments from Oregon Department of Forestry

George Sheppard on 4/15/2025
1) 4/10/25 FPA inspection resulting in Written Statement of Unsatisfactory Condition can be ignored. Inspection was for neighboring unit (same LO/operator) "South Cedar" 2025-712-01263.

George Sheppard on 3/5/2025
Per operator request. Use of Fire was added to activities for post-harvest slash pile burning.

George Sheppard on 1/29/2025
1) Both Units: All streams within units are Small Type-Np. Streams that are tributaries to Munger Creek shall have a 35' (no-cut) RMA for 1150' upstream from the confluence with Munger Creek. Beyond 1150', streams shall have a 35' R-ELZ buffer, which allow merchantable timber to be harvested up to the high water mark on Type-N streams, however understory vegetation and <6" conifer must be retained within 35' of stream on both sides. 2) This unit is subject to the 2 up/2 down LT and LWD rules. 3) Ensure units do not exceed 120 acres in size. 4) No conflict with other protected resources. If you have any questions regarding stream RMA's please contact George Sheppard at 541 471-4243. 5) Per written (email) request by landowner, 15-day waiting period is waived.

Notices

Submitting this Notification of operations on lands described in the NOAP constitutes consent for Department staff to access the property to ensure compliance with state law and rules governing forest practices through on-site inspections. The landowner must notify the ODF forester to withdraw this consent.

Compliance Monitoring: Landowners are required to provide access to their operation sites for ODF compliance monitoring studies in accordance with OAR 629-678-0100.

Permission from Landowner and Timber Owner Required for Operators, purchasers, contractors, general public: Submitting this notification does ***not*** give permission for operators, purchasers, contractors, or the general public to enter someone else's land or remove forest products. Anyone doing so must first obtain permission from the landowner and timber owner.

Pesticide Use: Pesticide users must follow all pesticide product label requirements, including any that prohibit applications near or into streams or other water bodies! Pesticide users must be sure the label that comes with the pesticide product allows the planned use! Contact the Oregon Department of Agriculture here or at 503-986-4635 for information on allowed uses of pesticide products.

Operations Near Utility Lines: If you are conducting timber harvesting or road construction within 100 feet of overhead utility lines contact the local utility in accordance with ORS 757.805 - Oregon's Overhead Safety Act and OAR 437-007-0230 - Power Line Safeguards. Identification tags are located on each pole.

Call the Oregon Utility Notification Center at 811 at least 2 business days before starting timber harvesting, road construction, or any other activities involving excavation that may affect an underground utility line. The Center will coordinate with the appropriate utility companies to locate underground utility lines that may be affected by your activities.

Using Water for Pesticides or Slash Burning: If you plan to use on-site water (water from a stream, for example) to mix pesticides or for slash burning, you must provide a copy of this NOAP to the local offices of the Oregon Water Resources Department and the Oregon Department of Fish and Wildlife (see ORS 537.141).

Registrants & Subscribers: There may be registrants and/or subscribers who receive this Notification. See the Notification Summary page within the E-Notification system or contact ODF for more details.

NOAP Changes: The notifier must inform the Oregon Department of Forestry of any changes in a NOAP before the activity takes place. A new NOAP may be required.

Protection of Cultural Resources: Under ORS 358.920 a person may not excavate, injure, destroy or alter an archaeological site or object or remove an archaeological object located on public or private lands in Oregon unless that activity is authorized by a permit issued under ORS 390.235. ORS 390.235 (5) exempts forestry operations on private lands from the permit requirement unless the site contains human remains, funerary objects and objects of cultural patrimony, or objects associated with a prehistoric Indian tribal culture. This exemption does not impact the applicability of the remainder of Oregon's cultural resource laws (ORS 97.740 – 97.994, 358.905 – 358.961, and 390.235 – 390.240). If human remains are encountered ORS 358.920 and ORS 97.745 require all excavation to stop and the find be reported to the landowner, the state police, the State Historic Preservation Officer and the Commission on Indian Services. ODF Staff cannot provide cultural resource advice or guidance, and landowners are encouraged to contact the State Historic Preservation Office here or at 503-986-0690.
